

(monologue)

I know who I am.
What I want.
Where I stand.
I know what I can do.
I think I know myself.

But do I?

This is me.
My ideas, my energy and my dreams are the most precious resources I have and my dreams are crazy.

I dream of champions.
I dream of no rules.
I dream of following no one.
I dream of excellence.
I dream of proving you wrong.
I dream of freedom.
I dream that my dream never dies.

I've always been independent and unconventional, thought differently and thought further. This is how I have written my history and it's how I shape my future.

And this is what I believe.

I believe it starts one step at a time and that I have no idea where my dreams will take me.
I believe the world is my treadmill.
I believe my biggest inspiration is the person in front of me.
I believe in solitude and community.
I believe no decision should ever be made while running up hill.
I believe that when I think it's over, I can always dig a little deeper.
I believe in redefining my impossible.
I believe in myself.

That's my simple win.
That is what it's all about.

This is just the beginning of my reinvention. And invention is important.
It's the beginning.
It's the spark.

And it is creativity.
Creativity that changes the everyday.
Creativity is beautiful.
Creativity is freedom.
Creativity is ... doing it all or doing absolutely nothing.

Be inspired by ... whatever!
Whatever leads the way changes direction.
Whatever surprises, thrills, sparks.
Whatever is magnetic.
Whatever is just the beginning.
Whatever – it's my turn.

I can inspire, impress, make believe.
I can play anywhere.
I can have heroes.
Heroes can have heroes.
I can hang on for life.
I can do that.
I can conquer my fear.

I can.
You can.

Confidence and energy make me stand out.
I am happier about myself than I have ever been.
And no matter how, no matter where, no matter what.
I keep moving forward.

I find myself in an exhilarating journey.
The scent of adventure in the air.
Leading me further and further into the realms of the extraordinary.
Every smell, every sight, every step pushes me forward.
Until I find myself in a place where I see something magnificent.
I see my life in a whole new light.

Extraordinary adventures begin with a glimmer in my mind.
It travels and my heart begins to race.
And where ever I wanna go, I can get there.

This is not a trip.
It's not a vacation.
It's a process.
A discovery.
It's a process of self-discovery.
It brings me face to face with myself.
It shows me not the only world, but how I fit in it.

It is in everyone of us as well as it is between us.
Sometimes it lies on the surface, sometimes it radiates from within.
It is the only fame we can see with our eyes.
As well as with our hearts.
It is as individual, rich and wonderful as life itself.
That's what it is for me.

And I am just one woman,
nothing about me is great.

I failed over and over and over again in my life.
And that is why I succeed
To become the best, I must be driven.
And this is what I do.

Stand tall.

Turn your fears into strength.

And never give up.

I am in hell right now.
Believe me.

I can sit here and get the shit shaken out of me or I can fight my way back into the light.

I can climb out of hell.
Cause I am the last one percent.

I am the extra effort that saves the day.
I am the magic moment that leads to victory.
I am the first and the last.
I am senseless and I am wise.
I am the one who is honored, and who is praised.

I am knowledge and ignorance.
I am shame and boldness.
I am shameless; I am ashamed.
I am strength and I am fear.
I am war and peace.
I am the substance and the one who has no substance.
But I am she who exists in all fears and strength in trembling.
I am she who is weak and I am well in a pleasant place.

I am an alien and a citizen.
I am the silence that is incomprehensible
I am the voice whose sound is manifold.

I am the first and the last.

Again and again.

I can. You can.
